**MT BARKER
& DISTRICT
RESIDENTS'
ASSOCIATION
INC
(MBDRA)**

For the community

www.mtbarkeranddistrictresidents.org.au

Our Vision

The Mt Barker & District Residents' Association Inc (MBDRA) objectives are to preserve, promote and further develop sustainably the **historical, social, cultural and environmental** features of the Mt Barker district, its townships and settlements.

Established in 1991, the MBDRA aims to provide a forum for residents to express their views and concerns on issues relating to their community.

The Association believes in **integrated planning, participative consultation, open and transparent communication and engagement** between all stakeholders within the district, especially with our Council.

Discussion of issues relevant to the current and future needs of the district and its citizens are critical to ensure **consistent and cost-effective** strategies, decisions, plans and actions.

Full accountability, sensible governance and transparent decision making are essential to ensure the Council meets the needs of all the community.

The MBDRA supports policies to optimise the social well-being of our community and the environment, ensuring only sustainable development and practices.

Our Focus

 Supporting a strong **community engagement strategy** to provide more integrated decision making between Council and the community

 Consultation with our community about the **current and future developments** throughout the district

 Input into **recreational strategies and plans** including spaces for our youth and the aged

 Retention of **community land, open spaces and trees** and ensure consideration of rural lands

 Retention and promotion of our heritage including over **600 historic buildings**

 Working towards **improved infrastructure and community facilities**

 Ongoing support for the development of **arts and culture** strategies and plans

 Establishment of a high quality, community focused **Town Square in Mt Barker**
